

## Potter Fund Camp Scholarships

Each year Disciples Crossing gives a grant to the NTA for the purpose of providing scholarships for campers to attend summer camp. These funds are administered through the Area office for area campers. There are two categories for scholarships.

### 1) Called to Ministry:

Any youth (Chi Rho or CYF) who intends to enter the ministry is eligible for a full scholarship. The application is an essay on one's sense of call and for CYFers, attendance is required at the "Exploring Your Call" workshop during Conference. (Essays are to be included with the written request from churches with the Senior minister's signature).

### 2) Needs-based:

Partial to full scholarships are available for other active Disciples campers (JYF and older), and unchurched friends. If funds are left after June 1, needs-based scholarships for campers from other churches are possible.

Early registration for camp is encouraged, along with request for scholarship, because funds are on first come-first served basis. All scholarship requests should be made in writing and must be endorsed by the Senior Minister. Scholarships are in the amount of the Early Bird fee.
